

Newbuilding services

Experienced newbuilding partner

Customized newbuilding packages

We offer customized solutions matching your vessel type - ranging from sophisticated LNG/LPG Carriers to Bulkers.

With more than 30 years of experience supplying newbuildings, we understand the requirements of different vessel types and specific newbuildings.

On-site support

You will get on-site personal supervision to ensure smooth coordination and onboard delivery at the shipyards, including last-minute requests for provisions, stores, bonded stores, etc. through own hubs or approved subcontractors.

Global logistics partner

Wrist Marine Logistics is a world-leading provider of all logistics services to shipowners and ship managers worldwide, ensuring on time and safe delivery of your supplies and spare parts. We also manage customs clearance of inbound spare parts.

Own quality control

Quality inspections are carried out to make sure that all products meet customer demands.

Wrist has full accreditation of ISO9000, ISO14000, ISO18000 and ISO22000. All products can be accompanied by certifications as required.

Local expertise and know-how

We combine global reach with a local touch; our people are local and familiar with the rules and regulations applying where you meet us, ensuring that you always get the most cost efficient advice and solutions.

Global coverage

We have branches with warehouse facilities in more than 30 locations worldwide, thus covering most major ports across the globe, including South Korea, Japan, Vietnam, China and more.

General stores & global assortment

We offer a complete range of stores. Everything from cabin, galley, deck, bonded, mooring gear, medical, nautical, stationary, engine, and electrical equipment are available in a variety of forms.

Our global assortment includes more than 2,000 items, ensuring consistency in product quality and pricing.

NJORD PPE, Pontus tools, POLAR tools, and aware are all brands included in our global assortment (see pages 6 - 9).

With more than 900 initial deliveries completed, we are the preferred newbuilding supplier, globally.

- Ole Hinneburg, Naval Architect

ARDMORE SHIPPING

ARDMORE SHIPPING

“It was an absolute pleasure to work with our Wrist contact. The account manager was an integral part of our team. He integrated seamlessly into the operation and treated everyone with respect. This is not just a ‘job well done’, it’s a complete project well executed by professionals and a great relationship established that we hope will continue for many years to come.”

- Mark Cameron, Executive Vice President & Chief Operating Officer

Time to be aware

We want to make it easy for you to be environmentally aware. With the aware product range, we provide you with responsible alternatives to the conventional products used in the maritime industry.

Aware is your choice for:

- › Eco-friendly solutions and services
- › Quality products in cooperation with recognized trademarks
- › A product line that meets the increasing need for reducing our carbon footprint and other environmental hazards in the maritime industry

What qualifies an aware product?

When production, distribution or usage is proven optimized, reducing the climate impact, we call it Climate smart. Proven recyclable packing or materials are labeled Recyclable, and products and packing that come from certified renewable resources are Renewable. Fresh inside is safe quality foods that are less processed, healthy, nutritious, or partially/fully organic.

About us

Wrist is the world's leading ship and offshore supplier of marine provisions and stores with a market share of approximately 12% – and the only provisions and stores marine supplier with a global network of supply operations. Wrist also offers services within owners' goods and spare parts logistics, combining provisions and stores deliveries directly to the vessels.

With the launch of the Source2Sea digital marketplace, Wrist is leading the digital transformation of the marine supply industry. All year round, 24/7 global online sourcing and logistics provide data transparency, automation, and convenience to customers.

Wrist continuously works on reducing its climate impact, while proactively addressing customers' growing demand and need for responsible solutions and services. From more than 30 locations worldwide, in all major shipping locations, 1,800 Wrist employees take pride in making it easy for customers to order and receive marine supplies and services.
